Welcome to the 2016 South Dakota State Fair! Are you ready for Thrills, Squeals & Ferris Wheels?

Welcome to the 2016 South Dakota State Fair! We are looking forward to another exciting year filled with great entertainment, educational exhibits, livestock shows, competitions, carnival rides and games, vendors, family gatherings, food, fun and so much more.

Certainly one of the highlights of this year’s fair is the anticipation of the Dedication Celebration of the Nordby Exhibit Hall for 4-H, Youth & Community. If everything goes according to plans, this facility will be operational for the fair. Be sure to take a stroll through to witness and experience the many talents and skills of our 4-H participants featured in this magnificent addition to the State Fairgrounds. There are no words to express the gratitude to the many individuals, businesses and organizations whose financial commitments have made this project a reality…especially the late Earl Nordby. I would be remiss, if I did not mention that while construction is complete (or close to complete) our fundraising goal of $4.7 million is still in progress. If you would like to be a part of making history in building a legacy for generations to come, we would welcome your financial donation. There are several ways in which you can contribute. Please contact the SD State Fair Foundation or Administrative Team at 605-353-7340 or go to SDStateFairFoundation.com for more information.

Without a doubt, agriculture is the foundation of South Dakota and our State Fair. In a sense, the State Fair is a classroom offering opportunities to exhibit and investigate current practices and new technology and to provide a showcase of high-quality livestock, innovative products, and industrial displays. It is about investing in our youth and youth-focused agricultural organizations in order to cultivate future leaders in the industry. And while the fair plays a significant role in increasing awareness of our state’s strong heritage, it also offers a wide variety of other educational and entertainment opportunities that appeal to all ages. Most importantly, the SD State Fair is about creating family memories, honoring traditions, celebrating our heritage and building a positive future.

See you at the South Dakota State Fair!

Welcome to the 17th annual Value Added Ag Day. South Dakota’s value-added companies use the crops grown and livestock produced here to make lots of products we use every day. The Value Added Agriculture Development Center (VAADC) is showcasing many of these in the Day Sponsor Tent today.

VAADC supports agribusinesses, ag producers and rural communities by delivering unique ‘hands on’ technical assistance to start and expand value added entities. We incorporate resources from service and economic development partner entities that are also on hand today highlighting their offerings.

SD Specialty Producer Association is partnering with us to feature specialty crops and local food exhibits along with presentations on various topics throughout the day. Be sure to take in our traditional afternoon Ice Cream Social brought to you in cooperation with your South Dakota Dairy Producers. And, while you enjoy your ice cream, vote for your favorite Astonishing Ag Articles Contest entry - 1st -2nd grade coloring contest and 3rd-4th grade art contest. (Students, be sure to drop of your submission by 1pm.) Finalists and winning artwork will be on display at the FFAG Adventure Center the remainder of the State Fair. Check the schedule below for event times and locations of all our events.

VAADC is supported by East River Electric Cooperative, Farm Credit Services of America, SD Bankers Association, SD Association of Cooperatives, SD Farmers Union, SD Rural Electric Association, SD Soybean Research & Promotion Council, SD Wheat Commission and Wheat Growers.

- **DPS Drive Safe SD Day**

What does the South Dakota Department of Public Safety do? Discover that answer and much more during the DPS Drive Safe SD Day, which is Sunday in the Day Sponsor Tent! Learn about DPS agencies, such as Highway Safety, 911/NLETS, Driver Licensing, Emergency Management, Fire Marshal's Office, Highway Patrol, Homeland Security, State Inspection Program and Weights and Measures. There will be games to play (how much do you know about staying safe in severe weather?), equipment to see (the Highway Patrol's Bearcat SWAT vehicle and Weights and Measures' fuel testing trailer); information to take home, things to do (renew your driver license online at our kiosks - two address documents required) and prizes to win. Behind the tent, in the grassy area, watch Highway Patrol police dog demonstrations at 10 a.m., noon, 2 p.m. and 4 p.m. These are not your normal dogs! The goal of DPS Drive Safe Day is to highlight all the ways the department works to keep the public safe, especially on our roadways. You can save a life when you:

- Always Buckle Up;
- Always Wear a Helmet;
- Don't Text and Drive.

Stop by and see the works to keep the public safe, especially on our roadways. You can save a life when you:

FFA Ag Adventure Center

Open Daily 9am - 8pm (7 pm on Monday)

The SD FFA building at the SD State Fair is always a fun place for kids to hang out and see some animals. What is different this year? A whole new look and purpose for FFA’s activity building, the FFA Ag Adventure Center, and it’s free for fair attendees!

The FFA Ag Adventure Center is dedicated to empowering consumers to value today’s agriculture. Make this a “must see” location on your trip to the fair!

The reinvented FFA Ag Adventure Center has areas dedicated to pigs, beef cattle, dairy cattle, chickens, soil & range conservation, wheat, soybeans, and corn. At any given moment, you may witness a sow give birth to baby piglets, bottle feed a calf or watch baby chickens hatch.

There are many interactive activities like milking a cow and feeding pigs. There are additional special activities planned for each day – Visit often!

Here are a few special activities to look forward to:
• Thurs. Sept. 1 at 1pm - SD Farm Bureau Women’s Leader ship Team Reading
• Feed bottle calves daily at 9am and 6pm, approximately
• Bring the kids for “story time” held at 3pm each day of the fair where “farm” children’s stories will be read.
