1. **Due to the confirmed outbreak of RHDV2 in some areas of the United States, The South Dakota State Fair will refuse entries from exhibitors placing an entry from all locations within 50 miles which have had a confirmed outbreak of RHDV2 within the past 60 days of entry. If you are unsure whether you are within the 50 miles, please refer to the ARBA website www.arba.net**
2. Rabbits going to another fair may leave early, but not more than 24 hours from end of fair with permission of Superintendent of building.
3. The carrier cage entries must comply with vet health certificates to come on the state fairgrounds.
4. No rabbit shall be entered in the name of any other than the proven owner or owners; and should any prove to be otherwise entered, premiums will be forfeited.
5. All rabbits must be entered for competition. They must be permanently tattooed in the left ear prior to entry time.
6. All rabbits must be permanently and legibly earmarked. There are no exceptions in this ARBA Sanctioned Show.
7. Exhibitors will be allowed to make more than two entries in a class, but only allowed to be paid 2 premiums on the top two in that class; only 100 entries permitted per exhibitor; not more than 250 entries per family/farm.
8. Only one member from any family, household or business establishment may make entry in any Class except when entries are individually owned, and ownership can be verified.
9. Due to limited space and number of cages, the State Fair Commission reserves the right to limit entries to the numbers specified in each division. Date of receipt of entry at State Fair office shall be a determining factor.
10. The utmost care will be used in handling all rabbits; but the management will not be responsible for loss through fire, theft, accident or any other medium.
11. **Worthiness of Entries:** If determined by the judge, an entry is deemed not worthy of award due to poor condition, immaturity, sickness, lack of breed type or crossbred, a cash award will not be given. Judges are encouraged to enforce this provision.
12. 4-H entries may be entered in Open Class. However, it is the responsibility of the owner to make sure the rabbit is available at the appropriate time for Open Class judging. Please note such dual entries on Open Class entry form.
13. Each rabbit exhibitor is responsible for bringing their own rabbits to the judging table. Animals not presented will not be judged.
14. The South Dakota State Fair has adopted and will enforce the IAFE National Code of Show Ring Ethics. A copy of this code can be found in the back of this book. All exhibitors will be required to sign an agreement to abide by this code when completing the online registration.
15. The South Dakota State Fair has adopted and will enforce an Animal Welfare Plan. A copy of this can be found at https://www.sdstatefair.com/participate/competitive-exhibits/open-class-livestock .
16. Entries for the carrier show need to be in by 8:30 AM on Sunday.
17. Exhibitors are to provide feed for their rabbits during their stay at the State Fair. If needed, staff can feed exhibitors rabbits when you are not at the fair if feed is provided. Arrangements must be made with the superintendent. Owners will care for their own rabbits Saturday – Monday.
18. All rabbits should be removed by 7 PM on Monday, or arrangements made with the superintendent. Exhibitors selling rabbits must ensure that the rabbits are picked up before the exhibitor leaves the building/fairgrounds on Monday.
19. Rabbits entered for exhibit may be sold at the fair.
20. Due to limited space – once rabbits are cooped in the rabbit building, carriers should be removed from the building. If used as transportation to and from the show table, you may bring them at the start of each show, as long as they (carriers) are removed upon completion of the show.
21. **Livestock Trailer Parking:** Livestock trailer parking is available at Huron Continental Marketing located west of Huron at 39763 US Hwy 14 or at the Heartland 4-H Rodeo Grounds located east of Huron at 2125 US Hwy 14.
22. On-grounds parking is prohibited without permits. Parking passes issued to campers are valid only for the campsites. They are not valid anywhere else. If the vehicle does not fit within the boundaries of the campsite, the vehicle must be parked off grounds. Any vehicle found on-grounds without the proper credential for the area in which it's parked is subject to fines. There will be zero tolerance for parking violations; we will no longer be making PA announcements or giving warnings. Violators will be fined.
23. The South Dakota State Fair has an electronic system at the gates for admission. All exhibitors must have an admission pass when entering the fairgrounds during the fair. It is recommended to purchase passes in advance to make for efficient entry into the fair. The majority of admission passes will have bar codes on them that will be scanned upon entry. Parking passes will be checked upon entry to the fairgrounds. Passes are only valid for the area and terms listed on the pass.
24. **Fire Lanes:** For safety purposes, any vehicle blocking a fire-lane will be towed at owner's expense. There will be zero tolerance.
25. Premium checks will be mailed to exhibitors within 60 days of the State Fair. If an exhibitor's earnings total $600 or over, a W-9 must be completed by the exhibitor before their check will be issued. Premium checks for the amount of $5 and under will not be mailed out (some exceptions apply). Affected exhibitors will receive instructions on how to collect premium winnings.
26. No cots or other overnight sleeping accommodations will be allowed in the barns or tie-outs.
27. **Photography/Videography**: When you attend the fair, you enter an area where photography, audio, and video recording may occur. By entering the fairgrounds, you consent to such recording media and their release, publication, exhibition, or reproduction.
28. **Livestock Release**: Livestock exhibitors will be released on Labor Day only at times designated by fair officials. The Superintendent for each species will issue a Livestock Release Form to exhibitors, which will state their assigned release time. Exhibitors must present this form to gate personnel at the time designated on the Livestock Release Form to be eligible to enter the fairgrounds to remove their livestock. Attempting to remove livestock before the assigned release time may result in:
    a. Loss of premium, and/or
    b. A one-year exhibition suspension from exhibiting livestock at the South Dakota State Fair.

CARRIER SHOW

IAFE (INTERNATIONAL ASSOCIATION OF FAIRS AND EXPOSITIONS)
CODE OF SHOW RING ETHICS

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1) All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.

2) Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.

3) Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.

4) Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of, consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

   If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory, to which it is sent, is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

   At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

(continued on next page)

5) Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

6) The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.

7) Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

8) No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

9) The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

10) The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expos and any special notices to members.

11) The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.
